MEMORANDUM FOR: Director of Training and Education

FROM: [REDACTED]

STAT

Director, Center for the Study of Intelligence

SUBJECT: International Studies Association Convention

1. This requests your approval for me to attend, participate in, and chair a panel at the International Studies Association annual convention to be held in Atlanta, 27-31 March 1984.

2. You will recall that Professor Carol Baumann of the University of Wisconsin late last fall asked me to collaborate with her, Helene Boatner of the DDI, and two officers from State/INR in a panel on Intelligence and Government and to read a paper on "The Intelligence Process." With your oral permission, I agreed to do so.

3. Professor Baumann phoned two days ago to ask me to chair the panel in her stead, because she has been offered a six-week tour of India with the National Council of World Affairs. Given your earlier approval to work with her, I agreed. Miss Boatner and I have agreed that she will poll the DDI office directors to determine how many DDI officers will attend the convention and to learn how many Agency employees have been recruited from the ISA's ranks. If there are a significant number that have been recruited from ISA, we will ask the Office of Personnel to assign an officer to accompany us to Atlanta.
